40 HP OUTBOARD MOTORS

40 HP Outboard Motor (two-stroke)

The series T40, is middle horsepower outboard motor and suits harsh conditions that include everyday use and situations involving long hours of continuous operation. They are developed mainly for commercial use. Reliable performance and acceptable price make them very popular with fishermen.

Powerful

Due to its light weight, and simple structure, the two-stroke outboard has an excellent weight ratio, which also gives it higher acceleration, flexibility and surging power.

Shallow water drive

Tilt & trim device with shallow water drive, an extremely useful feature when tackling rivers,estuaries and creeks.

Safe

Safety lanyard with emergency shut off for all Parsun outboard motors.

Stable

Simple structure, stable performance, no need to worry about anchoring halfway.

Endurable

The selection of high-quality crankshaft, gearbox, high grade marine aluminum alloy enhances the durability of the engine.
